DETAILED ACTION

Claim Objections

Claim 1, line 4 is objected to because of the following informalities: "the second surface" lacks antecedent basis. Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 17, 18, 20, 23 are rejected under 35 U.S.C. 102(b) as being anticipated by Hayashi et al.

Hayashi et al disclose conductive segments (32), two conductive legs (32c, 32d), a first end (32a), a second end (32b)(as best shown in Fig 12)

Allowable Subject Matter

Claims 1-16, 21, 22 are allowed

Claim 19 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
